Prologue

I don't own naruto. On with the story...

Naruto was walking back from the mission to bring back Sasuke but he failed and Sasuke was on his way to Orochimaru's. As he neared the gates he met up with Choji, Neji, Shikamaru, Lee and Kiba, his comrades that also were on the mission he was called up to see the Hokage and the elders. "Naruto Uzumaki you're needed with the elders." Said one of the Hokages personal Anbu. Naruto sighed. He knew this would come. "Is it about the mission? Because I was supposed to be in charge. Shouldn't it be me that goes?" Shikamaru asked. The anbu shook his head no. "Hey Naruto. We'll be waiting outside for you then ok?" Kiba said trying to cheer up his comrade who seemed a little down.
"Lead the way sir." Naruto said quietly only getting concerned looks from his friends. The anbu then left for the Hokage tower and both disappeared inside.

"Naruto. Since you have failed to bring back Sasuke Uchiha. We have decided to banish you as punishment. You have till sunset to leave." One of the elders said. Naruto turned away sighing. He knew this would happen. It was only a matter of time. He nodded then left.
"Hey Naruto what was that about?" Kiba asked as they all left. "Uh nothing. Just wanted to let me know uh they have a mission for me and I leave at sunset. Anyway wanna go to Ichiraku's before I leave?" Naruto replied giving them a closed eyed smile. "Nah. I'm good maybe when you get back okay Naruto?" Kiba said while the others nodded as well. "Yea Naruto we need to recover from our wounds before we do anything else." Neji said. None of them thought about Naruto's wounds and how he was leaving. They didn't know that that would be the last time they'd see Naruto for a long long while.

sunset

Naruto stood by the gates with nothing but his weapons and everything he needed. Then he left not knowing his friends hiding close by watching him leave. "Good bye Konoha. Good riddance." Naruto said then fled.

"Wait did he say good bye?" Kiba asked. "That's what I heard." Choji said. "We have to figure this out." Shikamaru said as they watched Naruto get farther and farther away.

****

Naruto was his waking up for breakfast when he was bombarded with his children excitedly talking all at once.
"Woah! Kids let your mother sit down at least before you talk and let him know your news." Deidara said while sitting at there table eating while Itachi was cooking breakfast. "Good morning love." He said to Naruto. Naruto only blushed causing Itachi to chuckle.
"Okay kids. What do you have to tell me." Naruto said.

" Me, Dai, Hiromasa, Fuyu and Jun activated our level 4 sharingan." Chikako said excitedly. Naruto nodded. "Ima, Etsuko, Gin, Kiyoshi, Masahiro, and Michiko finally got to level 3. And Leiko go to level 2 and Shiro and Yukio got there's finally. There level 1 so far." Chikako said in a rush before any of her siblings could say anything. "Will any of you volunteer for me to go to the market and get done food for everyone please? Naruto needs it to eat and we don't have enough." Itachi called to his kids. "I will!" Fuyu answered. "Okay. Fuyu heres the list. Use the sharingan of you run into anyone but only if you need to." Itachi called back as she nodded and ran to the store. Fuyu was excited and happy to be helping her father and mother. Fuyu knew her mother Naruto was pregnant with more kids and she was happy to help them in anyway possible.

With Fuyu

She walked through the woods from there hideout to the store. The nearest store was in the leaf village and Fuyu knew how the leaf village treated her mom so she wasn't so fond of them but it was the

closest and her mom needed food like now for the growing babies. Her father was always sending his children to pick up food for the family every since Chikako, Dai and Hiromasa were 6 years old. He said it was easier and quicker to get food since the leaf village was unaware of who they were. He trusted they could protect themselves since he's taught them how to unlock the sharingan and teaching them jutsu that young as well. They all succeeded with the fathers help and teachings. Some were slower then others but they all eventually got it.

She neared the village entrance. "State your business!" One of the village guards asked on guard. "Just a traveler looking to buy some food. I'll be quick and on my way please. My name's Fuyu." Fuyu answered on guard looking at them. They nodded "okay but be quick then." The guard who spoke first answred back. Itachi had given Fuyu enough money to buy the groceries they needed but not anymore. As she was walking she heard her mother's name and got curious. She knew her mother needed food but she wanted to know if they were talking about finding him and if they were Enemies or friends.

"We need a new plan. Naruto could be anywhere. He needs to know we want him back and that the people who banished him are dead. We need him here." Sakura said standing infront of the village entrance like they were ready to leave. 'Oh no. They're going out to look. There to many of them for us to get away from them this time. I've got to stall them.' Fuyu thought. "Hey mister with the spiky black hair. Aren't you Sasuke Uchiha?" Fuyu called just as they were about to leave. Fuyu was an Uchiha as well but she was also an Uzumaki and they were known forthere sealing techniques as well as having abnormal chakra levels. She was also very quick on her feet thanks to training with her mother.

"Who wants to know?" Sasuke asked back. Now stopping all of the team that were about to leave. It included rookie 9 and there Sensei's and team Guy and Gaara, Temari and Kankuro. "My name's Fuyu." She replied back. "Look kid I don't have time for your questions right now. I'll answer them later. I've got a mission to complete." Sasuke said back with anger that he was being stalled. "I'm an Uchiha!" She yelled hoping she got there attention finally.

She had sent her Summons which were crows like her fathers were. They all froze at hearing this. She smiled and ran as soon as they looked at her. She activated her level 4 sharingan and then left enthusiasts Sasuke hot on her heels. Finally her crow came back as well as her older brother Hiromasa. 'Guess father only wanted to risk once more of us. Smart not to reveal how many more Uchiha's are alive.' She thought. "You've got your sharingan active. Why Fuyu?" Hiromasa asked as everyone of the team Naruto were following.

[That's everyone who was going to search for him. Team Naruto is Everyone who was Standing by the gates.]

"They were looking. I had to do something. Gives everyone a chance to hide." Fuyu replied not knowing Kiba with dog like hearing can hear them. "Yea well they're not going to. They said to fight if necessary or to lead them of trail." Hiromasa said back.

"Stop guys they're sending us on a wild goose chase. Must mean they know where Naruto is and we might be close by since reinforcements came so quickly." Kiba said loudly causing everyone to stop. "Can I use that jutsu Hiromasa? It'll stop them." Fuyu asked. "No. Father said no. Only when in training." Hiromasa replied activating his level 4 sharingan as well. "How many more Uchiha's are there?" Sasuke asked. "More th..." Fuyu started to say before Hiromasa covered her mouth. "Shut it you damn idiot." Hiromasa said in anger towards his sister. Fuyu pulled away "Hello! I can't breathe. And I can talk anyway I want loser!" "Shut up foolish little sister and stay out of my." Hiromasa said back. "You're such a loser. I can't believe I'm actually related to you!" Fuyu said. "How about both of you shut up. Mother and father said not to fight or say anything but I can already see Uchiha here isn't going to let us out of his sight. You idiots!" Chikako yelled her sharingan activated as well.

"There's 3 of them?" Sakura said quietly. "Wait mother? Father? There's more of them? Why aren't you guys in the leaf village where you belong?" Sasuke asked. "Easy. We aren't allowed in the leaf village." Chikako said calmly. "All Uchiha's are allowed." Kakashi said. "Not all of them. Itachi.." Fuyu tried to say before Chikako sent a punch to her stomach hard enough to match Sakuras Strength.

"You need to know when to shut the fuck up!" Chikako yelled. Fuyu stared at her sister while sasuke and the rest pieced together what they just learned. "Today was a bad day to go to the market. Mom's cravings are going to get us killed or worse found!" Chikako said. "You're Itachi's children right?" Neji asked. "Well know that got know no thanks to my idiot siblings. Yes. Itachi Uchiha is our father." Chikako said. "Our mother.." Fuyu tried to say again. "You big fat mouth shut up. Father said no one comes home with followers. So shut up!" Chikako said. "Might as well tell them where we live idiot!" Hiromasa said calmly standing like Sasuke used to when he was younger. "You're just like Sasuke was when he was fighting with Naruto when he was younger." Kiba said. "You know where he is!" Sasuke yelled coming to a conclusion. ""Good going fat mouth! Now we'll never get home." Chikako said as she and Hiromasa grabbed Fuyu and took off. "Wait! We just want to talk!" Kiba yelled. "Talk to the elders! Get yourself kicked out then we'll talk!" Hiromasa yelled back. "The elders are dead! We have a new Hokage!" Sakura yelled.

"Wait! Did you say dead?" Hiromasa asked as they stopped dead in there tracks. "New Hokage?" Chikako said. Kakashi nodded. "That's right. Lady Tsunade. She's the new Hokage." He said. Chikako did her summoning jutsu. "Summoning Jutsu!" She yelled. Summoning a crow. "Tell mother and father they're dead. They can come out." Chikako said before the crow disappeared into thin air. "Just wait for Father's response. It'll be soon." Hiromasa said. Just then the crow reappeared. "They're coming." Chikako said reading the scroll. "Wait. You mean we'll see Naruto? And Itachi? Who is your mother?" Sakura asked curiously. "It's so obvious I can't believe you were the top ninja in your class Sasuke and you Sakura. Weren't you the one with the amazing memory? Surely you can figure it out." Hiromasa taunted. "Enough!" Itachi called standing in his akatsuki cloak with his sharingan activated. "DADDY! Chikako punched me!" Fuyu complained. Chikako growled lowly "Snitch! But daddy she was talking to much!" Itachi glared hard at her petting Fuyu's head. "That's no excuse to hurt your sister. She's your little sister. Therefore you need to protect her at all costs!" Itachi replied fuming with anger that they were fighting.

Chikako sighed loudly. "Fine. Whatever." She said. All three kids ran

to hide behind Itachi. "What is it you want?" Itachi asked with a stoic face. "We want Naruto to come back to the village. Everyone who wanted Naruto banished was killed." Shikamaru said. "We did it ourselves. It took a while and a lot of planning but we did it. The elders and Hokage and we even did a search discreetly around the entire village. We killed everyone who's treated Naruto with disrespect." Sakura said.

"That was reckless. You could've died or gotten yourselves banished for stuck a crime." Itachi said again bored. Naruto was hiding in the very back hiding behind all the Akatsuki members and children were to. All of the children were hiding except the three who confronted them. "Yeah well we missed Naruto and we figured the only way to get him back was to get rid of the people who banished him and hated him them he'd come back and he'd be welcome. Everyone misses you Naruto. The villagers who are still alive really does miss you. We even celebrate your birthday like one big party hoping you'll come back." Sakura said once again.

"Please Naruto? Emo over here won't shut up about finding his rival ever since he found out you were kicked out anyway. He's kinda like your were when he left. He won't stop." Kiba said. "Yeah he is. It's kind of annoying." Shikamaru said yawning. "Really?" Naruto asked coming up front. He was wearing a solid black cloak to house his ever growing belly. It wasn't an akatsuki cloak just black. "Yes. Really. Please come back Naruto we all miss you." Sakura said. "It's true." Gaara said walking forward to stand in front of him only a few feet away. Gaara eyed Itachi add he went to hug him. Gaara hugged Naruto no to tightly because him being a Jinchuuriki himself knew exactly why they were hesitant about coming back. "It's alright Naruto. I know you're afraid. You're hesitant. They speak the truth and even if you still done gem comfortable there you can come to the sand village. You'll always be welcome. You and your. Family." Gaara said hesitating on the family part. "It's true Naruto. Gaara's made Kazekage. He makes the rules and everyone respects him. They'll respect you to. You two aren't much different from each other." Kankuro said. Naruto sighed and stepped back. "It's your call Naruto. The Uchiha compound is big enough for us all to stay at so you don't have to worry about living arrangements." Itachi said. "If any of you has lied then I'm

letting these guys loose in the village. They'll tame the village down from the inside out." Naruto said as he pointed to the Akatsuki members who smiled wickely giving team Naruto chills. "Lady Tsunade said to get you back by any means necessary Anyway so I think she'll allow them in add long as your coming with them." Hinata said quietly. "I'm glad you're coming back Naruto." She continued. "Yes it has been rather odd with out you. And we have a new team member that replaced you. He and Sasuke don't get along so well though." Ino said happy her teammate was returning. "Oh yeah you should've been there Naruto. They are fighting once, kinda like you and he used to do, but he called Sasuke an emotional lovesick idiot." Kiba said laughing as the gang were walking back. "Shut up dog breath before I turn you into a rug." Sasuke growled. That made everyone in team Naruto laugh. "Hey Naruto. How many children did you have?" Shikamaru asked curiously. Naruto was stunned as well as the rest of the Akatsuki. "Huh?" Naruto whispered. "Well those Uchiha kids. I couldn't help but notice you in them. It's because of the 9 tails right? All Jinchuuriki can habe kids right?" Shikamaru asked. Naruto nodded stunned. "Wow. Looks like these leaf ninja aren't so dumb after all huh Sasori?" Deidara said laughing. Sasori only nodded.

"You're Sasori? Of the red sand?" Kankuro asked but sasori ignored him still irritated. "I'm still hungry you know." Naruto said. Itachi laughed quietly shocking everyone again. "16." Itachi said to Shikamaru. "What? 16 what?" Sakura asked. "Kids!" Itachi called and all of a sudden they heard feet running. All of there kids. "They go in order. Chikako, Dai, Hiromasa are all 12. Fuyu and Jun are 10. Ima, Etsuko, Gin, Kiyoshi, Masahiro, and Michiko are 9. Leiko is 6. Shiro and Yukio are 4. And last but not least Takeshi, Namiko, and Kimiko are 2." Naruto said pointing to each of them. Everyone's eyes were popping out of there heads in shock. Deidara and Hidan stated laughing at there reactions. "Yeah. You should really blame Itachi. He couldn't keep out of the bedroom. Hahaha." Deidara said laughing. Itachi looked away trying to hide the small blush coming on. Naruto only looked down. I'm sure th.." Hinata tried to say before getting cut off by Itachi coughing. Itachi was coughing up blood. Naruto saw this and only sighed. "Mom. It's ok. You have us." Leiko said rubbing Naruto's hand softly. All the children even the 2 year olds knew Itachi was sick. He was dieing from an illness That

was incurable. Once Itachi readied himself again he faced everyone and ushered his faculty forward forcing the others infront of them to walk as well. The rest of the walk was in silence as team Naruto was thinking about how sick Itachi was and how they could treat him as well as all 16 new Uchiha's. 'The Uchiha clan is growing already.' Sasuke thought to himself. Itachi coughed again making everyone turn ban to look but they saw he was still walking looking fine except for the blood coming out of his mouth. "Itachi. How much longer?" Naruto whispered to him everyone however heard. "Not long love. Not much longer." Itachi replied hugging Naruto from the side. Naruto only sighed.

The village entrance

"You're Akatsuki members!" The ninja standing guard said. "It's alright. They're not going to attack as long as we keep our promise to Naruto." Kakashi said. "They're with naruto?" "Yea we are. Is there a problem?" Itachi growled looking at the ninja the blood now gone. The Ninja shook his head in fear making some of the Akatsuki members chuckle. "You really are cruel aren't you Itachi." Kisame said with laughter in his voice. "We must be off. See you." Kakashi said before leading the group through the village to the hokage tower. Everyone in the village saw Naruto but they also saw the Akatsuki surrounding him as well as a bunch of kids as well. "Brother Naruto! You're back!" Konohamuru shouted before he was held back by a by stander. "That's the Akatsuki child. There dangerous..." The bystander said but was interrupted by Konohamuru "I don't care how dangerous they are. That's Naruto and he's my rival and my friend and I don't care who he's with." Konohamuru yelled in anger before ripping away from the lady holding him. "Naruto! Why were you gone so long? I want a challenge from you! I've gotten stronger while you were away." "Maybe next time kid." Hidan said stepping forward. "Why? Is he sick or something?" Konohamuru asked. "In a way he's uh..." Hidan acid trying to find the right words. "He's not able to at the moment." Kakazu said. Hidan gave him a 'really you couldn't let me do the talking' kind of look. Kakazu just glared back. "Oh. Well when will be be able to?" Konohamuru asked again. "It'll be a while." Itachi said before they continued walking. "Naruto! Are you still going to become Hokage?" Konohamuru asked. "I don't know anymore

Konohamuru." Naruto said. They soon reached the tower before Naruto waved off Konohamuru and entered causing the anbu black ops to become on guard immediately. "Relax they're harmless for now. As long as well keep our promise and our words stay true we'll be safe." Kakashi said giving the ninja a smile. 'Knock knock' "Enter!" Said a voice from the other side of the door. Everyone soon walked in. "What is this! I said to bring back Naruto Uzumaki not the Akatsuki!" Lady Tsunade yelled slamming her hands on the desk. "They did granny. I'm right here" Naruto said.

[Let's pretend Naruto went to see Tsunade after he left and before she became Hokage .]

"Naruto." She whispered before losing her way through the crowd and hugging Naruto tightly before she was ripped away by Itachi who was infront of him while the other akatsuki members were already for battle just in case. Their hands on their weapons. Everyone was shocked. Itachi had his sharingan active staring staring right at her ready to kill. Tsunade looked to each member analyzing the way they were standing and noticed they were guarding Naruto while Naruto's hand were on his stomach. Tsunade gasped and pushed past Itachi using her strength making him fly into the wall while she grabbed Naruto before Any of the others could do anything she placed her hands on Naruto's stomach using her medical ninjutsu checking out what had everyone so on edge. "Naruto. You're..." She said not being able to finish but he nodded anyway. The Akatsuki members calmed down but were still on guard. "Who Naruto..." She tried again. "Me." Itachi said angry for her pushing him. "Madame. Itachi was coughing up blood on the way here." Sakura said quickly earning a punch to the stomach from Hiromasa. "Shut up forehead!" He shouted. Itachi had thumped Hiromasa for his actions. "Itachi Uchiha. The man who murdered his entire clan leaving only one alive." Tsunade said. "Sasuke is alive because he was young and didn't have anything to do with the corruption of the clan." Itachi stated holding in a cough. "Well lady. We free to stay or not? Naruto stays we all do or no deal." Deidara said impatient. "I'm going to need information on these children and who the Parents are so I can enroll them in the school and the system." Tsunade said. "This is Aiko. Her parents are Konan and Nagato. She's 13. These two are Cho and Riku there 12 and

adopted by sasori and deidara..." Naruto said finishing up with his children. "You're free to go." She dismissed.

"Can we go eat mom? I'm hungry." Jun complained. "You're always hungry." Fuyu said to her twin. He growled at her. "I wanna train. Miss Sakura. Can you train me as your student? I wanna be a medical ninja." Leiko said. "Umm.." Sakura said unsure. "She's more advanced then a normal 6 year old. She is kinda like how sasuke was when he was in the academy." Naruto said making Sasuke smile. "Uh sure yea I'll be your sensei." Sakura nodded towards Naruto before smiling at Leiko and agreeing to train her. Leiko jumped with joy and hugged Sakura. Naruto laughed.

"What about the rest of us? Why does she get a personal teacher? What makes her so special?" Dai said irritated. Itachi chuckled. "I'm sure if you ask the others won't mind training you." Itachi said smiling as they entered the Uchiha compound.

[Time pass. Every Uchiha kid has for a personal sensei from team Naruto. Except the 2 year olds . Yes the 4 year olds are more advanced then normal kids there age.]

"So Sasuke. I have your as my teacher now. Can you show me something my daddy hasn't?" Chikako asked with sass as they stood in the Uchiha's training grounds. Sasuke rolled his eyes. "Can you perform the chidori?" He asked back. "What?" She asked again. "Chidori. It's a lighting style just." Sasuke explained a little further.

Chikako shook her head no. "I have fire style chakra. Daddy's already tested me on the other elemental chakras. I have only fire style." Chikako said. "Hn." Sasuke said thinking.

"Chikako! Guess what! Sakura's going to teach me to become a medical ninja!" Leiko said excited to her sister as she saw her and Sasuke come in the house after training all day. Naruto said smiling.

A/N

Sorry. I'm trying to update ASAP but I've got major writer's block for this story. Any ideas will be taken into consideration.
Thank you. Please comment.

Chapter 3

/I'm sorry it's been long but I'm trying to get back into this story. Here's another short shitty chapter./

Naruto was out with Itachi eating at his favorite restaurant (Ik you guys know what this one is) Ichiraku's when they heard noise from behind them. It turned out to be Sakura and Sasuke and Kakashi. "Hello Naruto. I know you may think we hated you before but we never did. We were wondering actually why you thought that. Why you left and why you joined the Akatsuki." Kakashi said calmly.

Naruto frowned. "I was banished for failing a mission assigned to me. No one of course knew the real details on the mission led by Shikamaru but I did. It was mine and mine alone the elders sent Shikamaru, Neji, Choji and Kiba only to help with unnecessary fights." Naruto said bitterly as he watched his old team. Itachi squeezed the hand he was holding ever so slightly to let him know that he wasn't alone.

"Well what was the mission? We could've helped." Sakura asked. Naruto laughed with out humor, no his laugh was one filled with water and anger. It made his old team cringe. "The mission was to bring Sasuke Uchiha back to the village at all cost even my life. In which it almost did cause me my life. I failed the mission so I got banished. Shikamaru, Choji, Neji and kiba were sent as helpers only. But only to lure away other ninja from keeping me to my mission. The elders knew Shikamaru's way of thinking so they assigned him as the "leader" of the group. I was supposed to act like I actually cared about the idiot to prevent that from happening only it happened anyway. My mission didn't start when Sasuke actually decided to leave no it started when we were back at the academy. They assigned me that mission because of what's inside me. Said I was the strongest and smartest of my class and more than capable of doing the job. I was assigned to act like a complete moron while they made sure Sasuke here was the smartest so that when teams were assigned I'd be on his team. Who cared about the sensei or

third member of our team as long as I was on the same team as this stupid ass. I figured if I was his rival he'd want to do everything in his power to beat me only now I see it was a mistake and I should've taken into consideration of being his friend first but that didn't cross my mind at the time. If it had things wouldn't have happened the way they did. But at least I'm free to do whatever I want and act how ever I want." Naruto explained slowly making sure they got his every word.

"You see they assigned the mission to keep my little brother here in the village at all costs because of me. They didn't know I also was obeying orders assigned directly from the third hokage and he alone knew my mission and died with it a secret. No one else knew of my mission to rid this village of the evil contained within the Uchiha clan. I knew of the out come and that I'd be looked at as a rogue Ninja afterward and a criminal but as long as it kept my village and brother safe I agreed. The hokage agreed to keep Sasuke Alive and safe while he fed the elders lies about why they should make sure he stayed in the village. I agreed to annihilate my clan. The evil started when we Uchihas were moved to a compound far away from everyone else. We felt alienated from everyone and that caused hatred to grow in their hearts. I killed then all causing Naruto's mission to start to protect Sasuke and keep him within the village. So it's partly my fault why he was banished for failing a mission." Itachi said after explaining more of the situation and how it started.

"You were assigned to kill the Uchiha clan?" Kakashi asked shocked. "Naruto was supposed to be my protector? I'm the reason he was banished?" Sasuke said quietly. Naruto and Itachi nodded as the same time. "We were under orders to do as we were told and knew of the outcome if we succeeded and failed. Naruto knew of the possibility of being killed or banished for failing to complete the mission and I would've been killed if I didn't complete my mission either by the hokage himself, the else's if they found out or by our father for betraying him and telling the truth to the hokage about there planned attack to overthrow the hokage." Itachi said again.

They were shocked again. By the truth finally being spilled. Suddenly Naruto feel to the ground grunting in pain. "Love what's wrong?" Itachi asked.

/Again sorry it's short and I'll try to update again soon. Hopefully before next month ends. This time I'ma try to make the chapter longer than 1000 words. Anyways hope you enjoyed it. Oh and thank you for everyone who's voted on this shitty book. It means allot. :)/

Chapter 4

Sakura jumped into action and caught Naruto before Itachi could even get out of his seat. She placed a hand on Naruto's stomach and used medical ninjutsu to make sure he and the babies he was calling were fine. She then gasped loudly causing a panic to rise in Itachi. "What! What is it?!" He yelled. Kakashi and Sasuke were also panicking.

"No nothing is wrong but you didn't tell me he was pregnant with triplets." Sakura said. "Wait what?!" Sasuke said shocked. Naruto nodded. "He's perfectly fine. No harm to the babies or him just a pain caused by the growing babies." Sakura said calmly. Itachi watched her closely "You're sure?" He asked before going into a coughing fit.

"Yes Naruto's fine but I can't say the same about you." Sakura said irritated that he didn't believe her now that Naruto's sitting down in his seat again eating. Once Itachi was done he wiped his mouth looked at the three and said very calm and slow. "I am fine. There's nothing that could be done about my health. I've known about this for a while and so has Naruto and our children. They all know what is happening and what will happen when I die. It was not a mere coincidence that you found us so close to Konoha. We've been located nearby for a while now and for a reason. In which you will find out soon."

Uchiha Compound

There Uchiha kids were out playing while deidara and konan and nagato watch the 2 and 4 year olds.

"Can't catch me! You slow poke!" Jun yelled at his twin sister Fuyu. He ran the threw village and away from his sister while she was hot in his heels chasing him. "Get back here! You damn moron! I'ma kill you when I catch you!" She yelled in anger. She was furious with her twin. But he just laughed until he reached into someone's back while looking behind him trying to see how close his sister was.

"Ouch!" Jun said rubbing his head in pain. Fuyu laughed at him. "That's what you get." She said noticing the man they ran into watching them in anger. "Who are you brats!" He asked angry. "We don't have to answer to you!" Jun yelled back stepping closer to his sister glaring at the man. "Yeah. Who are you?" Fuyu asked with sass. "I'm Raikage! You should show some respect!" He yelled. "What's the Raikage doing here then?" Fuyu asked again. "The Kazekage and and Raikage agreed with the Hokage to have the chunin exams in a couple of weeks." Shikaku said calmly. "Oh. Well can we join?" Jun asked Shikaku. "That's up to the Hokage. If you are registered and ready then yes you may join at her will." He replied as he motioned for the twins to follow him.

They arrived at the BBQ place (don't know what they called it) and ushered then inside. "Hey son. Mind two more?" Shikaku asked his son who were sitting with Choji, Ino and Asuma. Shikamaru just shrugged. "Go on you two. Shikamaru and Asuma can test you to find out if your ready to join. Just ask." He said then walked out. Jun and Fuyu looked at each other then walked over. "Well. You're Naruto's kids. What are your name again?" Asuma asked as the two say download next to each other next to Choji. "I'm Jun and this is Fuyu my twin sister. We were wondering if we could join the chunin exams." He asked. "You're not even a genin yet so I don't know if that's okay." Ino said. "I wasn't talking to you now was I!" Jun said angry that she said no. "I'm sorry about him." Fuyu said smiling hitting her brother on the head. "You idiot are you mental?! Shut up!" She whispered. "Hn." Was all she got. "Well there is a way since we don't know what your capable of we'll have to test you on you abilities. And see if your skilled enough and smart enough to enter." Asuma said. "Yes! All that training with Dad wasnt a waste." Jun yelled. Just then Kakashi, Sakura and Sasuke walked in to join them. "You're.." Sakura started. "Yes before you ask I'm Jun and you already met Fuyu. We're twins." He interrupted her.

"Itachi's sick." Sasuke said abruptly as he sat next to the twins. They both froze. "Yes we know. He's got not long left. Who told you and how much do you know?" Jun said before his sister could spill there secrets. Fuyu pouted though. "Your father and not much." Kakashi answered. "How long does he have? How do we help." Sasuke asked. "You can't and not long like we said before." Jun said.

chapter 5

A/N : Two updates in one day! Yes! Haha. Ik this story might be going a little fast but that's because I don't want to drag it out. And it's not supposed to be a long story. Anyways on with the story.

This left Sasuke infuriated. He wanted to help his brother now that he had the whole story from both sides. He loved his brother even though his brother took everything away from him even his first love Naruto. Yes Sasuke loves Naruto but he didn't want to interfere with his brothers family. He'd rather Naruto happy with Itachi then sad with him. He'd just be happy watching over Naruto as a friend then a lover as long as he got to be closer to Naruto somehow. But Itachi was dieing and soon Naruto would be without a husband and the children who a father. Who would be their father figure now? Who would help Naruto now? Will Itachi stop be alive when his new born are ready to come out? When Naruto goes into labor would he be there? Will he be alive? Why were they located so close to Konoha then? What are they really here for? He wanted to know so much but only got more questions and more confused. He was the only Uchiha left besides his brother who would be able to teach the kids there sharingan. We're they here for him? Since he has the only capable candidate left to teach the children? How did Itachi get so sick? Why didn't he seek help? So many questions and so little time. Sasuke felt so useless. He wanted to help so badly but no one would let him. He could if they only told him the truth and what was really going on. He knew they were keeping secrets and he wanted to know why. He was going to find out one way or another.

Sorry this chapter is really short but I wanted to give a special chapter just for Sasuke so you could see what was going on in side his head. Thank you! Vote, comment. Please check out my other books. Thank you so much for your support. :)

Chapter 6

"So can we join the chunin exams?" Jun asked Asuma sensei. "I don't know we'd have to test your skills. What do you think Kakashi?" Asuma asked. "They're Itachi's kids. He's trained them for sure." Choji said. "Yeah. Shouldn't some one test them who has the sharingan to match them? Or they not use it at all?" Ino asked. "We can't do much regular jutsu. Dad only taught us fire style and how to use our sharingan." Fuyu said.

"Well let's go to the hokage and ask but you'd need to learn more jutsu then you know. And no sharingan." Kakashi said.

Hokage tower

There stood Kakashi , Sasuke , Sakura, Fuyu and Jun. "Lady Tsunade? Fuyu and Jun are wondering if they can join the chunin exams. But we don't what they are able to do. What're your thoughts." Sakura said.

"Test them. All who wants to join but they must be over 11 years old. Then test them and bring me the results." She said.

"What?! That's only Chikako, Dai and Hiromasa! Me and Fuyu the second oldest but we're 10! Please let us join!" Jun yelled desperately. Lady Tsunade soon her head no and wanted her hand in dismal. Team Kakashi dragged the twins out of the room with Jun screaming insults at her.

****

Sorry it's short and shitty. Honestly idk why you like it. I'm finding it hard to write chapters now. Ik where I want it to go and it's not going to be very long but it's hard to write the plot that leads up to the main plot. Enjoy please. No hate comments.

Chapter 7

Here you guys go. Once again. This one's longer then the rest. You votes and comments motivate me to write more chapters. Enjoy.

Team Kakashi dragged Jun to the Uchiha Compound with Fuyu following. She was sulking but she didn't throw a big fit like her brother. "Jun! Quit acting like a spoiled child and except it! They don't let 10 year olds in the chunin exams because usually we'd be in the academy still stupid. I believe 11/12 year olds graduate the academy and become genin and still you need training with your sensei before anything else and do missions. Besides we don't know any jutsu. We only know the fire style: fireball jutsu. That's it stupid. We need training with jutsu not just our sharingan. We can't always rely on it. Dad said so. Weren't you listening!?" Fuyu yelled.

Jun looked down at his feet as they walked to the Uchiha he where Itachi and good family was staying. Other then the Ichiraku incendent Naruto's not been out of the house. Kakashi was still carrying Jun.

"Naruto!" Sakura yelled whole pounding on the door. "What is it you want?" Came a kid who they've never met before.

"Uhmm who are you? Your not one of Naruto's kids." Sakura said. Fuyu ran inside. "No I'm not. Please put Jun down. He looks rather uncomfortable. I'm Aiko but the way and the oldest." She said. "Well Aiko we're here to talk to Naruto and Itachi. It's about the upcoming Chunin exams. It will take place in 3 weeks and the Hokage had granted permission for 11 year olds to enter if you wish but you would have to test and train with a sensei." Kakashi answered. "Come in. I'll go get Naruto and Itachi." Aiko said as she walked away from the door leaving it open.

Family room

"They're on there way." Aiko said by now Kakashi had put Jun down but Jun didn't run off like Fuyu did. He was the one who

wanted to enter the chunin exams in the first place.

"Yes? How may help you?" Itachi asked in a happy tone. Naruto followed him with a blushing face and red marks on his neck. "Did we interrupt anything?" Kakashi asked smirking knowing full well what they had been doing based on Naruto's red face and hickies as well as Itachi's messed up hair.

"No! No you didn't. Please do visit more often." Naruto said before receiving a laugh from Itachi. Sasuke stayed silent as he was silently dieing inside at the fact that his Naruto was just about to do it with his brother. Kakashi laughed. "Shut up guys! It's not funny!" Naruto yelled before pouting. "Anyways we're here to talk to you guys about putting you eldest children in the chunin exams. Lady Tsunade granted permission for all 11 year olds and older to enter the exams. But they will need to be tested on there abilities. She said no sharingan in the exams. It's strictly for jutsu only. So what do you say?" Sasuke said. Naruto was shocked at this. "She's excepting then into the exams?" He said softly. Kakashi nodded. "Jun wanted to enter but she said 11 year olds and older. He has to wait." Kakashi said. Jun pouted. "Father can't you do something? Like threaten them or-" Jun tried to say but was cut off by Itachi. "No. I will not threaten the very same village I protected all these years." He said. "Protected?! Pssh ye-" Jun shouted back before he was back handed by Naruto. "Do that one more time and I'll permanently seal away your sharingan." He said angry that Jun had disrespected his father of all people. "You can't do that!" Jun yelled out. "The Uzumaki clan were known for there sealing jutsu's. Do not test me boy!" Naruto said loudly again causing Jun to flinch. Itachi just watched Naruto scolded his son.

"you're lucky if I let you enter the next chunin exams-" Naruto started but Jun interrupted "Just because you failed the chunin exams-" "Quiet!" Itachi yelled furious at his son who was still arguing with his mother. Jun shrank back at his father who was standing holding Naruto who was also pissed. "Get out of my sight. Go to your room and DO NOT come out until I tell you to. Am I understood?" Itachi said angrily. Jun tried to protest again "But -" "AM I UNDERSTOOD?!" Itachi yelled. Jun nodded and walked away sulking. "Aiko! Make sure Jun stays in his room until we come to

get him please?" Naruto said. Aiko can't out of the kitchen and nodded. "Sure Naruto Sensei." She said and left following Jun.

"I am very sorry you had to see that. He's been a bit of a problem child. Thinks he can do whatever he wants. He's very disrespectful. So I'm sorry." Itachi said calmly. Both seated them selves back down. Naruto looked down sadly at what Jun had yelled at him. 'I failed the exams.' he thought. "It's ok Naruto. Shh it's okay. We'll set him straight soon enough." Itachi said trying to console Naruto. "Hey Naruto if it helps I never passed either. I never retook the exams. I was waiting for my best friend. Am I sorry for the I've caused you." Sasuke said causing Naruto to look up. "You didn't enter the exams after you came back?" He whispered. Sasuke shook his head. "Nope. I'm probably the strongest ninja here but I'm still considered a genin." Sasuke said. Naruto laughed. "Well you got competition now." Naruto said. Itachi smiled at his brother mouthing a thank you to him.

Sasuke nodded slightly. "Itachi's no competition dope." He said. "He wasn't talking about me little brother but I'll bet you still can't beat me. Naruto can't and you rival him." Itachi said in between laughs. "Naruto if you want I can help you with Jun. I mean back then I don't know if it was fake or not but you listened to me and he is your son." Sakura said smiling. Naruto smiled back at her. "No it wasn't fake. And that's be great because we've not had any luck. Maybe you'd have more luck. Besides chikako, Dai and Hiromasa will be needing team Kakashi to train them for the upcoming Chunin exams." Naruto said smiling at his old team. "I want a rematch after these kids are out Sasuke." Naruto continued causing Kakashi and Sakura to laugh and Sasuke to smirk "You're gonna lose dope." He said. "I'm betting on Naruto this time Sasuke." Kakashi said.

Mystery person POV

"Team 7 is back together again. We're going to have to fix that." They said

Mystery pov

I thought of how I was going to break up Naruto and his family. This is going to be hard.

"Deidara! You have everything ready?" I asked. "Yes love. Soon enough we'll have them apart and I can finally have Itachi to myself." He answered. I nodded "yes and I'll get everything I've ever wanted." I said

"When are we going-" I heard a voice say before he could finish I shushed him. "The walls have ears and the clocks have eyes!" I shouted back. I motioned for us to go be back to our hideaway which was in the middle of the forest.

Normal pov

Naruto and the others were sitting in the living room laughing unaware they were being watched. "Hey Sakura could your go and check on me Jun and possibly have a talk with him?" Naruto asked. "Sure." She answered happily.

Naruto rubbed his stomach looking down smiling. "How many?" Sasuke asked making Naruto look up and smiled. "Three." He simply answered. Sasuke nodded "What are there names?" Naruto was about to answer when Itachi started to cough.

"Itachi!" Naruto yelled making Sakura run forward to the stairs with Jun following and the rest of the Uchiha kids running in to see there father coughing.

"Will daddy be okay Mommy?" They heard Leiko ask with tears in

her eyes. Chikako looked at her and shook her head. "No." She answered simply.

Tsunade pov (bet ya didn't expect that)

She was going over some papers in her office when Shizune walked in and handed her a scroll with mysterious writing. "What is this?" Lady Tsunade asked with a Stern voice. Lay Shizune stepped back a little "Uhmm Lady Tsunade. It's a warning. Doesn't say from who."

As Lady Tsunade read it she became angrier and angrier. Soon enough she slammed her hands on her desk breaking it in two. "Shizune! Send to too Shikamaru! Tell him I want him to look it over and quickly!" She yelled causing Shizune to freak out "Uh y-yes ma'am." She answered and ran out to find Shikamaru.

"Who are you? And what do you want S?" Lady Tsunade and herself. Then all of a sudden Sasuke barged in her office with a scared look. "We need you! It's Itachi!" Sasuke said quietly but urgently. Tsunade stood up and followed the frantic Uchiha to the hospital.

Sorry it's short but it's supposed to be. It's over 500 words though. :) So happy. I have a problem writing long chapters but when I do it's good I hope. Next ones supposed to be super long. Well at least I hope. But thanks but yes please read the story in the pic I posted above. Please it'd really mean a lot. Please read. And vote thanks anyway.

chapter 9

Normal pov

They rushed Itachi to the hospital with him coughing the whole way. "Naruto. Love. You know what you need to do. Our babies need a father. Give them one." Itachi said in a quiet voice. Naruto was crying and his kids were at home crying as well. They knew there father wouldn't make it. They were hoping by some miracle that he did. But luck was never on there side.

Sasuke ran to get the hokage for help as Sakura pushed Itachi into a room and shooed everyone out while she got to work trying to help Itachi.

Naruto was crying in the hallway as Sakura was working on Itachi. "Where is he?!" Tsunade yelled. "Over here Granny." Naruto called out in a weak voice. Kakashi head arrived as well with the rest of rookie 9. "Naruto why don't you go and take a rest somewhere with your friends. I'll call you when he is better." Kakashi said but Naruto shook his head no. "I'm staying here. What if he wakes up and doesn't make it? I want to be here to say goodbye." Naruto said quietly. "You say that as if you know he won't make it." Lady Tsunade said. "I'll do everything I can." She continued.

"Sasuke." Naruto called out. Itachi had told him that Sasuke has feelings for him. He wasn't as dumb as people kept saying he was. "Yes?" He asked catching team Naruto's attention. By now Kakashi had left to do some work or so he claimed. "Can you sit with me?" Naruto whispered. Sasuke nodded. On the inside Sasuke was jumping with joy but outside he was calm. Team Naruto knew about Sasuke's crush on him because bc over day they forced it out of him as to why he was so dead set on finding the blonde. Hinata also still had her crush on him but she knew Sasuke's feelings ran deeper than hers.

"Think he'll make it?" Kiba asked Neji who rolled his eyes while Tenten punched him. "Oww what was that for?" Kiba asked rubbing

his arm which now has a bruise. "Be a little more sympathetic will you?!" Neji said quietly. "It's okay guys. He's curious. Curiosity never hurt anyone. Itachi used to say. And I don't think he will. He's been like this for a long time now. I guess it's time..." Naruto said before crying once again into Sasuke's shirt. "I'm going to have to fulfill his last wishes. I just don't know how to do that." Naruto said. "The kids also know but I don't know how I'm going to do this." Naruto said which was muffled by Sasuke's shirt.

"Sorry Sasuke I ruined your shirt." Naruto said again. "It's fine dope. So my brother. He really won't make it?" Sasuke asked tears in his eyes as well. "I don't think so. If he does it's a miracle and we have to thank Sakura and Granny for it." Naruto said. Sasuke nodded looking down tears finally falling. "It's okay Sasuke I'm here for you if you need me." Naruto said rubbing Sasuke's back as he broke down sobbing. Even with Naruto sitting next to him he cried. He couldn't hold in the tears anymore. He was losing his big brother. He was always jealous him but now that he was going to lose him forever he was falling apart. "I'm sorry Itachi. I'm so sorry." Sasuke whispered in which Naruto responded. "He knows about your secret. You can't hide anything from him. I know too. It's okay." Sasuke looked up shocked and scared. Naruto smiled back at him a sad smiled. "It'll be fine." He said again.

****

Ok so here's the next chapter as promised. I love your support guys. Don't forget to comment and vote let me know what you think. :) Hope your liked it because I cried while writing this.

chapter 10

Sasuke stood up and ran in the room with Lady Tsunade and Sakura and Itachi. He didn't even want to describe what saw. "Sasuke! Get out!" Sakura yelled. Sasuke just stood there sick to his stomach watching his older brother. "I want to help." He whispered quietly with a few tears that leaked out of his eyes. Lady Tsunade spoke. "He needs a new heart." Sasuke nodded and without any hesitation he agreed. 'For You big brother. Please take care of Naruto for me.' Sasuke thought as he was prepped for surgery. "Are you sure?" Sakura asked curious. She still had her crazy crush on him and wanted him to stay alive not sacrifice his heart for his brother. "I'm in love with Naruto. I made a mistake by leaving now he's my brothers and here's pregnant with more of his kids. They need a father. There father. They need Itachi. But I'll be helping Naruto instead of hurt him by helping save my brother which is going to die. Thank you Sakura for everything you've done. I'll see you guys in the next life." Sasuke said smiling a happy smile for once. Sakura cried. She cried so hard because he was giving himself up to save his loves lover. She smiled at the thought of Sasuke finally smiling for someone.

"Are you sure about this Sasuke?" Lady Tsunade asked again before starting the surgery. He nodded and smiled.

******After surgery********

The surgery has been a success. Sasuke's heart was now beating again in a not so sick Itachi anymore but Itachi be has fallen into a coma and no one knew how or why or even how long he'd be out.

********With Naruto in the hall********

Naruto was worried about Sasuke. He'd just broken down infront of everyone breaking his pride for his big brother. Then Lady Tsunade and Sakura walked out. Sakura has her head down and was crying as she saw Naruto she ran and hugged him tight. "I'm sorry. I'm sorry." She whispered causing everyone to pale thinking she was

talking about Itachi. "Uchiha made it through with little complications all thanks to another Uchiha. Sasuke. He helped quite a lot actually. He's the reason Itachi made it. Why Itachi is still alive." Lady Tsunade said.

Naruto cried and smiled. "So where is that Emo brat?" Kiba asked getting a head thump from Neji and a glare. "Well you see. Itachi needed a new heart. Finding a new heart for an Uchiha is very hard to do. So Sasuke donated his to save his big brother, Itachi Uchiha. He wanted me to tell Naruto something... Naruto, Sasuke said to tell you to enjoy life with your family. Smile everyday and if you could find it in your heart to forgive him he'd rest in peace." Lady Tsunade said quietly while Sakura cried quietly as she stood next to Naruto no longer hugging him. Naruto has tears falling. "Sasuke was my best friend. He understood me like no one could. We experienced the same sadness and he always knew how to rile me up. How to get me to forget about everything. Forget for just a moment about how fucked up my life really was. Even though I had a job to do it didn't stop the feeling I got when I was with him. I felt for once that feeling of family. He made me feel like I was apart of his family like I was his brother not rivals. But as his rival I got stronger while he didn't. He was offered power through Orochimaru and he took it. I was sad to know I lost my best friend. My first friend then right after I was kicked out. I tried really hard to find him after I was kicked out but I couldn't instead I found Itachi. I fell in love with but the emptiness I felt in my heart for my lost friend Sasuke. I told Itachi my story. My background, my feelings, everything about me and he was upset and angry Sasuke left me to fend for myself knowing what the villagers thought of me. He still left. I believe Itachi knew that Sasuke was in love with me. I had a feeling as well but never said anything. I never saw him that way but it still left me empty inside when he left. Itachi was angry at his younger brother for leaving me, his best friend, for power. We started to look for him together. Itachi had gotten the Akatsuki group to all start looking for my long lost best friend. When we found out he was back in the village we stayed close by. We never intended to move in. Just stay close by when Sasuke left the village alone we'd catch him and reunite me with him as well as Itachi. I'll miss my best friend... Once again Sasuke you left me alone. Sure I have my kids and Itachi but it's not the same as having

my best friend around. I'll miss you..." Naruto explained quietly.

"Naruto there's one more thing. Itachi's in a coma. We don't know why or how he fell in but we do know he's perfectly healthy. He's no longer sick. But we don't know how long he'd be in the coma. It could be days to weeks to years before he comes out. If he comes out at all. I'm sorry Naruto. I did everything I could." Lady Tsunade said as she placed a hand on Naruto's shoulder. He smiled with tears falling down his face. He was falling apart all over again. He'd just gotten news that his best friend died saving his husband and his husband is alive and healthy but in a coma and they don't know when he'll wake up. "I'm sorry for being a burden granny. I'm sorry Sasuke. I'm sorry Itachi. I'm sorry everyone." Naruto said crying hugging Lady Tsunade before he ran out of the hospital to his special spot only to find his kids already waiting there for him.
"Father didn't make it?" Leiko asked.
"He's alive and sleeping. No one knows when he'll wake up. Also your Uncle Sasuke died saving your father." Naruto said quietly falling down to his knees crying again.

"Mommy. Want to leave? Go somewhere to stay until father wakes up?" Leiko asked quietly sitting in Naruto's lap.

Help!

I have been thinking about ending this book and making a sequel. Where it starts off on where Itachi is awake. Should I? Or should I continue in this story? Leave your opinions please...

Epilogue

[image]

Naruto had gathered how belongings and was currently standing by the gates of Konoha with his children. Chikako, Dai, Fuyu, Jun and Leiko had decided they wanted to stay.

"You're sure you guys don't want to come?" Naruto asked. "Nah we're staying just invade Dad wakes up. We'll find you when he does promise. We're staying to become stronger. To become Ninja's then we can protect you better okay Mommy?" Dai answered smiling. The five understood why Naruto couldn't stay. Without Itachi by his side he was afraid of the villagers despite what his friends said.

"Okay but make sure you find me. Hinata and Kiba are best at tracking so ask them if you need help. I'll leave you my former forehead protector to use as a scent for an animal to track. I love you. Take care please and train hard my loves. Give Itachi my love and plenty of flowers for me. I love you good bye for now." Naruto said as he kissed there heads and set off for his new destination taking the rest of his children with him.

The give that stayed watched Naruto leave in the middle of the night. They stayed till they saw the sun come up and the villagers start to waken. "Come on we have to train. Let's go and then we'll stop by Dad's and tell him Mommy misses him very much." Dai said. Leiko was sad even though she wanted to train to become a good medical ninja she wishes her mommy would've stayed. She knew her mommy was afraid so she promised hardly she's become stronger so she could protect her mommy so her mommy wouldn't be so afraid.

"I promise I'll become stronger. When we see you again Mommy I'll be strong. I'll protect you." Leiko said to head as she made her way to the hospital where Sakura was currently working. She wanted Sakura to teach her everything she knew.
